

## **METHAMPHETAMINE 102: INTRODUCTION TO EVIDENCE-BASED TREATMENTS**

This notebook provides everything you will need to facilitate the training session. Handouts should be photocopied for each training participant prior to the training. The module should be provided in one half-day session. Following are time frames from providing the module in one session.

### **Methamphetamine 102**

**The approximate running time of the videotape is 2 hours. Additional time for this training session will need to be added as follows:**

<b><u>Activity</u></b>	<b><u>Time Needed</u></b>
Introduction, Presenter Introduction, and Learning Objectives (see pages 2-4)	5 minutes
Administer Pre-Test (see page 5)	5 minutes
<b>After the above two activities are completed, the handouts for the Module One should be distributed and the videotape should be started.</b>	
Break Time (if necessary)	10 minutes
<b>Start tape and play until it ends.</b>	
Complete Post-Test & Discussion	10 minutes

**The suggested total time needed for administration of this module is 2 hours, 30 minutes.**
